### **Once Upon A Miracle**

*My time on Earth was short, but now I'm back at home*

*I'm watching over all of you, you'll never be alone..*

*Someday our souls will meet again, but this time never part  
My life will never end here, it's only just the start.  
So when you think about me, know how happy I am here  
Recall this little story, let it take away your fear.  
Once upon a miracle, I heard the angels sing  
Their voices filled the sky above, yet I couldn't see a thing.  
Their trumpets sounded softly, as the angels sang with pride  
The Gates of Heaven opened then, the sounds came from inside  
I saw an angel peeking out, she was someone that I knew  
her soft voice whispered to me, I've been waiting here for you.  
Her soft voice whispered to me, I've been waiting here for you  
Your time on Earth is now complete, for here you'll always be  
Yes, once upon a miracle, the angels sang to me.*

## A MESSAGE FROM HEAVEN

I am not so far from you  
Just a little way beyond  
Past the cares and past the pain  
Far past my earthly bounds  
When you feel you miss me most  
As years go drifting by  
Each memory will prove to you  
That our love will never die  
For memories are but a touch  
From the Father's gentle hand  
To heal your pain and mend your hearts  
To help you understand  
That while I left you far to soon  
I did not leave alone

For the Father sent his Angels  
To gently take me home  
Take comfort when you think of me  
Keep my love alive in your heart  
And with the warmth of each memory  
We will never be apart

Precious Memorials  
Loving memories never die  
As years roll on and days pass by,  
In our hearts a memory is kept  
Of the ones we love and will never forget.

As i love you, so i miss you;  
In my memory you are near,  
Loved, Remembered, longed for always,  
Treasured with a love sincere,  
You are where i cannot see you,  
And your voice i cannot hear;  
Never absent always near.

Two golden hands holding crosses, one on the left and one on the right, positioned at the bottom corners of the text area.

**She has gone across the river  
To the shore of ever green,  
And we long to see her dear face,  
But the river flows between.  
Some day, sometime, we shall see  
The face we loved so well,  
Some day we'll clasp her loving hand  
And never say farewell.**

*We thought of you with love today,  
But that is nothing new.  
We thought about you yesterday,  
And days before that too.  
We think of you in silence,  
We often speak your name.  
Now all we have is memories,  
And your picture in a frame.  
Your memory is our keepsake,  
With which we'll never part.  
God has you in his keeping,  
We have you in our hearts.*

The background is a textured, light brown or beige color. In the upper right quadrant, there are two roses. One is smaller and more tightly curled, while the other is larger and more open, showing its petals. The roses are rendered in a soft, painterly style, blending into the background.

***February 25, 2011***

From where we reign,we thank you so  
For your kind remembrance of us and our families below  
We had a beautiful day,cause all were there  
Yes you too,were with us, in mind,heart and prayer  
As we are not forgotten,neither are you  
We busy ourselves with much to do  
New souls arrive on a daily basis  
And we gather with them,cause their families they miss  
We show them how love continues to grow  
By connecting our loved ones to soften the blow  
You see, their hearts are broken,they are in so much pain  
And we rejoice when our efforts are not in vain  
Continue to hold each other up,it's when we're happiest here  
We relish the laughter ,never the tears

Thank you for everything,there was much joy in Heaven Love and God Bless  
Nicky and Angie and their families

**MERRY CHRISTMAS FROM MY FAMILY TO YOUR FAMILY.**

This is my poem that was published on the newsletter at the Annual Candle Lighting from The Compassionate Friends in my town.

Yesterday was a sad moment seeing my precious son Patrick's name and pictures on display among the children who were gone way too soon from us... Yesterday was also my Christmas moment in memory of my beautiful son Patrick Christian who has forever changed my life the day he left me empty, confused, and so alone to grieve!

*Lighting a candle for my son Patrick*

*Before I lost my son Patrick*

*Lighting a candle was just a tradition*

*To get my prayers answered more quickly,*

*But today after I lost my son Patrick*

*Lighting a candle is a painful reminder*

*Of my greatest loss of a beautiful life cut*

*So short... My son Patrick.*

*Lighting a candle is now an unthinkable,*

*Unbearable reminder of so many hopes*

*And dreams taken away from me.*

*But in the depth of my sorrowful journey,  
Lighting a candle is also precious  
Memories of Patrick that are taken into my  
Broken heart and shattered soul as a  
Keepsake to keep his memories alive  
Beyond my life on earth.  
Lighting a candle for my son is my faith  
In God to embrace Patrick's new life  
As glorious and peaceful as His kingdom.  
Lighting a candle for my son Patrick is a  
Symbol of my eternal love for him  
That I am his mom and he is my son for  
Eternity, for love never dies but grows  
Deeper.  
Lighting a candle will always surround  
The beautiful soul of Patrick wherever I am  
To guide him into eternal life.  
Lighting a candle says it all Son:*

*I love you*

*I miss you*

*I need you*

*I am here for you always*

*You see, God, lighting a candle is a*

I hope an angel of love  
visits you today  
and whispers in your ear that  
God hears you  
every time you pray.

I hope an angel of peace  
visits you tonight  
and touches your soul,  
inspiring dreams that are  
as bright as star light.

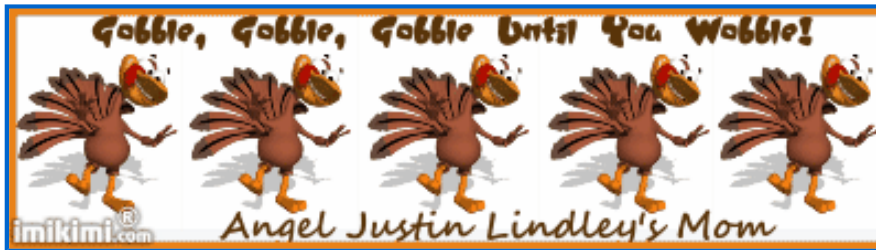

I hope an angel of mercy  
visits you tomorrow  
and mends your heart,  
taking away all of your pain  
and sorrow.

I hope an angel of light  
visits you every day  
bringing you endless joy and hope

WE ARE THANKFUL FOR YOU

The world may never notice  
If a Snowdrop doesn't bloom,  
Or even pause to wonder

If the petals fall too soon.  
But every life that ever forms,  
Or ever comes to be,  
Touches the world in some small way  
For all eternity.

The loved one we long for  
Was once here, and now gone.  
But the love that was then planted  
Is a light that still shines on.  
And though our arms are empty,  
Our hearts know what to do.  
Every beating of our hearts  
Says that we love you.

***September 21, 2010***

How sweet to have such special friends  
When days are dark and dreary  
How nice to hear I'm praying for you  
And feel the warmth of God's love too.  
The encouraging words come from afar  
Life is so easy as we build a special bond  
When you are in the valley low  
Friends do pray their love will show.  
Our friends are like a thread of gold  
We care love and hold them dear  
God knew we would need each other  
His command was "To love one another."  
We may never meet this side of heaven

Tho' we feel each others hurt and pain  
We'll continue to pray for those we love  
Until someday we'll meet in heaven above.  
Thank you my friends for being so dear  
For showing love and your fervent prayer  
I talk to my God for you each day  
May you feel His warmth in every way.

That was the best day for me since I lost my Patrick. People were happy of the beautiful tribute, memorable day I gave my son Patrick... it's only called LOVE FOR MY PATRICK!!!**

**My biggest fear is my precious Patrick to be forgotten.**

**My greatest joy is to remember my beautiful son Patrick, his precious life, and his beautiful memories.**

Through our pain  
Each other, we embrace

We all now meet  
In this familiar place

Not ever knowing  
Each other before  
But through our children  
That we adore

We light their candles  
to ease the hurt  
Keeping them shining  
With words of comfort

Whether writing a tribute  
In the early a.m.  
Or something as short  
As "I'm thinking of them"

Being so thankful  
For the prayers that are said  
And feeling all the hugs  
through the words that are read.

The love that we send  
And what it all means  
How important it's become  
From people unseen.

## ~ God's Rainbow ~

The falling rain dissolves into mist  
And the thunder begins to die;  
As the sporadic lightning fades,  
An arch of colors pours from the sky.

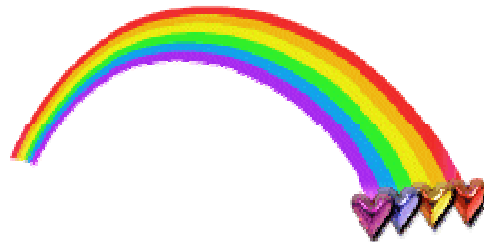

Rainbows appear after mighty storms  
When things look their worst;  
Just when the skies are darkest gray,  
Out of heaven does the rainbow burst.

God first sent the rainbow to Noah  
As a sign that His word is true;  
The rainbow's eternal message  
Still speaks to me and you.

The rainbow is a sign of God's promise  
That He will guide us through any storm;  
That He will ease all our troubles  
No matter what their form.

When you feel battered by life's storms  
And you are filled with doubt and dismay,  
Just remember God's rainbow is coming  
For it's blessing ... you only have to pray.

Keeping you & your family in my heart & prayers! ♥

Most of the battles of life  
are won by looking beyond  
the clouds to the sun.  
And having patience

One thing never changes,  
It remains the same forever.

## HAPPY MOTHERS DAY

We are connected, my child and I,  
by an invisible cord not seen by the eye.  
It's not like the cord that connects us at birth,  
This cord can't be seen by any on earth.  
This cord does its work right from the start,  
it binds us together, attached to my heart.  
I know that its there though no one can see,  
This invisible cord, from my child to me.  
The strength of this cord, its hard to describe.  
It can't be destroyed, it can't be denied.  
It's stronger than any cord man could create.  
It withstands the test, Can hold any weight.  
And though you are gone and you're not here with me.  
The cord is still there, but no one can see.  
It pulls at my heart, I am bruised, I am sore.  
But this cord is my lifeline, as never before.  
I'm thankful that God connects us this way.  
A mother and child... Death can't take away!

### A Mother's Prayer

Lord, today is Mother's Day, but my heart is split in two.

Half is with the child still here,

The other with the child that is now there with you.

All the lovely presents are a nice surprise,

But the one thing I want most is missing,

And tears fill my eyes.

I know when you sent him, Lord,

You didn't promise how long he would stay.

All you said was to love him and treasure each and every day.

But Lord, it crushed my heart when you called for his return.

I feel like half a Mom, as I ache, weep and yearn.

But Lord, tell him I love him just as much as I did before.

And could you please make a window,

so he can see through heaven's door ?

Let him see that he is missed and thought of with each breath.

And that a Mother's love begins before life, and does not end with death.

So, on this Mother's Day, the *Greatest Gift*, I give to you.

For Lord, I know you missed him and you loved him, too.

"A mother's love is special  
It's present every day,  
A gift that came from heaven  
That God has sent our way.  
Her job is never ending  
She's there all day & night,  
To be there for her children  
And be their guiding light.  
Her thoughts are with them always,  
Even if they are apart,  
Her children have a special place  
Deep down inside her heart.  
Mother's are a special gift~  
A gift from up above,  
This world would seem so empty,  
Without a Mother's Love."

Have a Beautiful Day....You are in my "thoughts" &  
"prayers"

A mother is someone to shelter and guide us,  
To love us, whatever we do,  
With a warm understanding and infinite patience,

And wonderful gentleness, too.

How often a mother means swift reassurance  
In soothing our small, childish fears,  
How tenderly mothers watch over their children  
And treasure them all through the years.

The hearth of a mother is full of forgiveness  
For any mistake, big or small,  
And generous always in helping her family  
Whose needs she has placed above all.

A mother can utter a word of compassion  
And make all our cares fall away,  
She can brighten a home with the sound of her laughter  
And make life delightful and gay.

A mother possesses incredible wisdom  
And wonderful insight and skill-

### A Newborn's Conversation with God

A baby asked God, "They tell me you are sending me to earth tomorrow, but how am I going to live there being so small and helpless?"

God said, "Your angel will be waiting for you and will take care of you."

The child further inquired, "But tell me, here in heaven I don't have to do anything but sing and smile to be happy."

God said, "Your angel will sing for you and will also smile for you. And you will feel your angel's love and be very happy."

Again the small child asked, "And how am I going to be able to understand when people talk to me if I don't know the language?"

God said, "Your angel will tell you the most beautiful and sweet words you will ever hear, and with much patience and care, your angel will teach you how to speak."

"And what am I going to do when I want to talk to you?"

God said, "Your angel will place your hands together and will teach you how to pray."

"Who will protect me?"

God said, "Your angel will defend you even if it means risking its life."

"But I will always be sad because I will not see you anymore."

God said, "Your angel will always talk to you about Me and will teach you the way to come back to Me, even though I will always be next to you."

At that moment there was much peace in Heaven, but voices from Earth could be heard and the child hurriedly asked, "God, if I am to leave now, please tell me my angel's name."

God said, You will simply call her, "Mom."

**Dec. Angel ~ Melissa**

**April 21, 2010**

The angel of December is the angel of generosity.

The December angel celebrates with us this time of giving gifts to all the wild creatures and to all God's children. The angel of December leads us to join hands with people of all races and religions, recognizing that we are children of the same creator, and we all share the responsibility of bringing joy and health upon the earth.

Inspired by December's angel, we can celebrate this season of brotherhood by doing one act of kindness everyday of December ... going out of our way to bring warmth and light into another's life.

My Dear Marian & Melissa,

I am sorry for not have written sooner. I have been in the hospital for 2 weeks, came home and about a week later was admitted again. No matter where I am you guys are always in my prayers. I want to thank you so much for still keeping Joey on your mind and you write to him. Especially since I have not been able.

Marian, we do not know the mysteries of life or its ultimate meaning, but we are willing to believe in dreams, life is a precious gift and anything is possible. I know the love between a Mom & her daughter only need few words, but just by you being there and sharing time and your talks is so special. I wish you so much more than your future will hold nothing but happiness. You and your Melissa (angel) are in my heart always.

## Memories in my Heart

Within my book of memories,  
Are special thoughts of you.  
And all the many nice things  
You often say and do -

As I turn the pages,  
And recall each single thought,  
I realize the happiness  
That knowing you has brought.

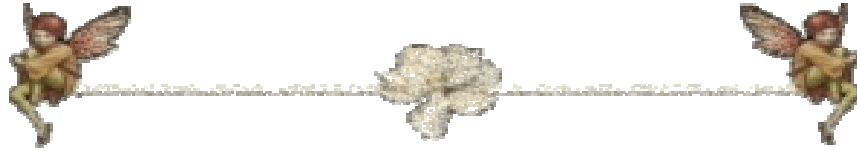

There are memories of happiness  
Both bright and sunny days.  
There are memories of your kindness  
And your friendly thoughtful ways.

There are memories of all the emails,  
we send to to each other  
A kind word or a silly thought

from one friend to another!!

And when I recall these memories  
As I go along life's way,

I find they grow more precious still  
With every passing day.

My Special Friend

Isn't it funny  
how some special people  
don't realize they are special at all?

They're thoughtful  
without even thinking about it.

They're always right there  
when you call

They share, not expecting  
a thing in return.

Yet always seem richer  
for giving--

Isn't it lovely how  
those special people  
can teach us

I dont know how to do all this fancy stuff but I want you to know someone still thinks about you and holds you in their heart. My thoughts and prayers are with you. May God hold you in the palm of his hand.

***February 1, 2010***

Dear Marian & Melissa,

I am so sorry I haven't wrote, I haven't even wrote to Joey. I have benn so ill. Talking to Joey everyday has helped. Melissa is always in my everyday prayers. Every time I write to her I read her site everytime and my heart just breaks, such a beautiful girl and what a waste of someone so wonderful that had to be taken from this world. So many other people have not even had the chance to be touched by her big heart. Believe me she is with her children and family everyday. She watches over all of you. Believe me I will never get over this, I will always be in denial, and I cannot except this and never will.

My Joey was such a big part of this world, he had so much more to do and he was not done. He had touch so many people that no matter where I am or go someone will always come up to me to talk about Joe.

I mean it is so nice, but it just sets me back because he should be here. It is not fair that the best ones are taken from us when there is so much evil out there.

We will all be reunited one special day. Now that I am somewhat feeling a little better I will get back to my writing.

Prayers are with you and your family always,

Love

Debbie

I am so very sorry for your tremendous loss. I have read Melissa's story, my heart breaks for you and your family. My daughter was murdered. And when they know who did it, but give you that line of no evidence or they want eye witness. I myself do the same as you put Chantel's story out there I offer reward monies for info and I use the news media, my local news papers... any and all I can find. The truth will come out sooner or later from these murders. I will pray for justice for your daughter. Lifetime movie network maybe if her story was made into a movie, sometimes people just say thank God it wasn't there child when they see it in a movie it brings it to life for them, they can visualize and you just never know where information may come from.

## *The Messenger*

*From an Angel on high  
a tender message of love was softly whispered into the ear  
of this humble scribe....*

Weep not for me  
now that I have passed.

Remember the laughter, the affection, the joy  
not just the recent tears.

Cherish the memories, our hopes and dreams.  
Hold fast to the love that we shared.  
Be happy with the time we spent together  
and being anew.  
For I am not really gone,  
I am closer than ever before.

As the morning sun rises  
and throughout the busy day...I am with you.  
Until the setting sun disappears on the horizon  
and we watch the day turn into night...I am here.  
You may feel a faint breeze  
stir round your head, while you slumber  
as I gently kiss your forehead, "Good night."  
The stars that shine so brightly in my heavenly sky  
help me watch over you and keep you from harm.

I am the wind in the trees  
and the song of a bird.  
I am moonbeams in a midnight sky  
and a glorious rainbow after the storm.  
I am morning dew  
and freshly-fallen snow.  
I am a butterfly flying overhead  
and a puppy happily at play.

I am a smile on a stranger's face  
a gentle touch  
a warm embrace.

Listen to the wind for my message of love.  
Watch the sun rise and set in the sky with me.  
Feel my essence encircle you with warm memories.  
Open your heart to know...I am not gone.  
Reach deep into your soul...You will find me.

I am here.  
Have no fear.  
I am with you,  
Always.

*January 13, 2010*

We are connected,  
My child and I, by  
An invisible cord  
Not seen by the eye.

It's not like the cord  
That connects us 'til birth  
This cord can't been seen  
By any on Earth.

This cord does it's work  
Right from the start.  
It binds us together  
Attached to my heart.

I know that it's there  
Though no one can see  
The invisible cord  
From my child to me.

The strength of this cord  
Is hard to describe.  
It can't be destroyed  
It can't be denied.

It's stronger than any cord  
Man could create  
It withstands the test  
Can hold any weight.

And though you are gone,  
Though you're not here with me,  
The cord is still there  
But no one can see.

It pulls at my heart  
I am bruised...I am sore,  
But this cord is my lifeline  
As never before.

I am thankful that God  
Connects us this way  
A mother and child  
Death can't take it away!

Directions to my new home in Heaven....

Make a Right onto Believeth Blvd.

Keep straight and go through the green light, which is Jesus

Christ. There, you must turn onto the bridge of Faith, which is

over troubled water. When you get off the bridge, make a right turn and keep straight. You are on The King's highway ~ Heaven-bound. Keep going for three miles: One for the Father, One for the Son, and One for the Holy Ghost. Then exit off onto Grace Blvd. From there, make a right onto Gospel Lane. Keep straight and then make another right on Prayer Road. As you go on your way, Yield not to the traffic on Temptation Ave. Also, avoid Sin Street because it is a Dead End! Pass up Envy Drive, and Hate Avenue. Also, pass Hypocrisy Street, Gossiping Lane, and Backbiting Blvd. However, you have to go down Long~suffering Lane, Persecution Blvd., And Trials and Tribulations Ave. But, that's all right because Victory Street is straight ahead....Which brings you to the gates of Heaven!

Spread your wings and Fly.....You are Free!!

Birds handcrafted from the wings of an angel,  
water running freely in the streams.  
Sunshine shimmers in radiance;  
How could so much beauty be an accident?  
Each smiling child's face,  
full of curiosity,  
seeks out wonders and grandeur.  
Like a child's eyes,  
our hearts are searching for some kind of hint,  
a hint of God.  
(If you look, Nature's arms will enfold you.)  
Stars are whispered into moonlight  
as a day well-lived is fading.  
The sun is sinking,  
the colors streaking brilliantly across the sky  
like ribbons.  
Do not embrace, rather  
be embraced, enfolded, wrapped in the arms  
of beauty, of His Creation.  
We all search for a framed, definite picture  
of Heaven.

I can guarantee, your best bet  
is right before your very eyes.

***January 4, 2010***

Winter is the time for comfort, for good food and warmth, for the touch of a friendly hand and for a talk beside the fire: it is the time for home.

Spring is when you feel like whistling even with a shoe full of slush.

Summer is the time when one sheds one's tensions with one's clothes, and the right kind of day is jeweled balm for the battered spirit.

Autumn is a second spring when every leaf's a flower.

The seasons are what a symphony ought to be: four perfect movements in harmony with each other.

May this new year bring you seasons full of happiness!

*December 25, 2009*

I am so sorry for the loss of your precious daughter. What a terrible loss! I know the pain is compounded because of the one who did it not having to face justice in a court of law, not that it would bring your daughter back, but at least could give closure. I am truly so sorry, it just isn't right. My niece Leah was murdered on 11/17/09 by a boy she was dating only a short time. We will be facing him in court very soon for the first time. He is claiming it was an accidental shooting, however he is charged with 2nd degree murder. I just know no amount of justice for Leah would ever be enough. I will keep you in my prayers.

### Christmas Angels

Reach for an angel high on a star;  
She sends you Christmas wherever you are,

Bringing you laughter and faith so supreme,  
Touching your heart with a beautiful dream.

Peace and Goodwill in each loving home,  
Beauty and magic so surely your own.  
Sweet Christmas Angels ~ moments of LOVE,  
Part of the wonder God sends from above!

*A Thanksgiving Prayer for You!*

*November 26, 2009*

**A Thanksgiving Poem**

Dear Father who art in Heaven...  
Please join our family on this Thanksgiving day  
And bless each one as we sit down to pray  
As we remember those who have joined You above  
So dearly missed and deeply loved.

Please provide us strength on this Thanksgiving day  
Bless us with memories of those faraway...  
Please grant patience to family and friends as we grieve  
And help us reach out to others who are bereaved.

We give thanks to You on this Thanksgiving day....  
For Your presence in our lives each and everyday.  
For Your comfort, guidance, and never ending love...  
And for taking care of our loved ones...in Heaven above.

As we light this candle on this Thanksgiving day...  
And it glows in memory of those in Heaven today....  
May their lights always shine down on us and give us light...  
And may we feel their presence along with Yours tonight.

May the peace and tranquility of this Thanksgiving day  
Be an everlasting light within each of us along the way...  
Lets bow our heads and give our Thanks to God above..  
For our blessings, whether on earth or in Heaven above...  
Amen

Poem graciously submitted by The Jason Program

Dear Melissa, Happy Thanksgiving to you as you sit at the Lords table with all the other Angels. Seems we are all in need of extra prayers, your family and mine as well. Please ask our Lord for extra prayers for us and for healing for the ones ill. I know He listens and knows how we feel and when the Angels ask, it HAS to help right? Tell my dad John, he will be with us on this day in our hearts as you will be with those you have touched as well. Thank you melissa. May your day be Blessed.

*Footprints*

*November 15, 2009*

*Footprints in the Sand*

Imagine you and the Lord Jesus walking down the road together. For much of the way, the Lord's footprints go along steadily, consistently, rarely varying the pace. But your prints are a disorganized stream of zigzags, starts, stops, turnarounds, circles, departures and returns. For much of the way it seems to go like this. But gradually, your footprints come more in line with the Lord's, soon paralleling His consistently. You and Jesus are walking as true friends.

This seems perfect, but then an interesting thing happens: your footprints that once etched the sand next to the Master's are now walking precisely in His steps. Inside His larger footprints is the small 'sand print', safely enclosed. You and Jesus are becoming one.

This goes on for many miles. But gradually you notice another change. The footprint inside the larger footprint seems to grow larger. Eventually it disappears altogether. There is only one set of footprints. They have become one.

Again, this goes on for a long time. But then something awful happens. The second set of footprints is back. And this time it seems even worse. Zigzags all over the place. Stops. Starts. Deep gashes in the sand. A veritable mess of prints. You're amazed and shocked. But this is the end of your dream.

Now you speak. "Lord, I understand the first scene with the zigzags and fits and starts and so on. I was a new Christian, just learning. But You walked on through the storm and helped me learn to walk with you."

"That is correct."

"Yes, and when the smaller footprints were inside of Yours, I was actually learning to walk in Your steps. I followed You very closely."

"Very good. You have understood everything so far."

"Then the smaller footprints grew and eventually filled in with Yours. I suppose that I was actually growing so much that I was becoming like you in every way."

"Precisely."

"But this is my question. Lord.. Was there a regression or something? The footprints went back to two, and this time it was worse than the first."

The Lord smiles, then laughs. "You didn't know?"

He says. "That was when we danced."

Dear Marion Thank You for continuing to light candles for Nicky while I am

recovering. Please keep me in prayer as I was told my right leg is dying and they may have to amputate below my right knee. I had 4 stents put in last week and I remain hopeful. God is good and I feel no news is as bad as the news that my son was dead. I know you know what I mean. I regret not being able to light candles like I used to due to the pain I am in. Pain pills are truly wonderful, so if I misspell any words you'll know why. Hey Melissa I miss all our angels, know that I think of all of you daily and your precious families. I am so sorry to hear about your husband-I know what it's like to deal with lung cancer - my mom fought for so long - she was diagnosed in 2000 & they did not think she was going to make it - 3 tumors on her left lung - but with the chemo & radiation she got 7 more years. So keep that in mind & don't let your husband or you give up!!!! When my mom was ready to we kicked her in the butt & told her it was not acceptable!! Because of the radiation she developed breast cancer - didn't let her give up then either!!

Keep fighting & stay strong!! Your Angel Melissa is watching over & will keep you going!

My Dearest New Friend & Family,

I know I have not written lately, but I had to go to Tampa, Fl my son Wayne Jr. was having surgery. I needed to be with him. I have read Melissa's site again and it is so beautiful and yet sad. So young and full of life and so much more. My heart just feels the pain. I will read all my wonderful new found friends that I have met through this sight. Every so often because the pain is just so embareable.

What a beautiful girl. I feel it and know that Joey is with all of these beautiful angels. I have stated to some of the families that I can see, feel and most of all my HEART is in so much pain knowing the holidays are ahead of us. This is the worst time for me. I pray daily and Melissa and your family are in my prayers. I still ask why? I guess I will always ask that question. I am sure I will never really know why. I also ask why, why was I left in this world carrying all this pain everyday.

I hope I will at least get some kind of answer for that.

They say God will only give you what you can handle----well losing a child is more than any parent can handle.

Remember you are always in my prayers,

Love

**If We Could Bring You Back Again**

If we could bring you back again,  
For one more hour or day,  
We'd express all our unspoken love;  
We'd have countless things to say.

If we could bring you back again,  
We'd say we treasured you,  
And that your presence in our lives  
Meant more than we ever knew.

If we could bring you back again,  
To tell you what we should,  
You'd know how much we miss you now,  
And if we could, we would.

My heart aches and screams out in anger for the absolutely unthinkable acts that took place that caused her passing and for the pain that you continue to endure. You will be in my prayers and as a grieving mother myself, in my heart. I will pray very hard that God will continue to allow your sweet girl to come to you and that justice will be served. Just always remember that if it isn't here on earth, God does not sleep! He will be punished for what he did to your baby!

God has sent His angels  
To gather here on earth  
And surround us with their presence  
From the moment of our birth

I believe they intercede  
And oftentimes appear  
To protect us in our time of need  
Guardian angels always near

So never fear what lies ahead  
As you travel each day through  
For there are angels by your side

Mariann,

I am so sorry to hear that the DA has said there is not enough evidence to go to trial! Justice needs to be served for what he has done. Never give up, one day things may change and he will be charged. Let's fight for Melissa! You are not alone in the fight. IM also so sorry to hear about your husband and daughter. Stay strong, and look ahead! :-)

There comes a time for each for us  
When nothing can be done  
To ease the pain and sorrow  
Of losing a beloved one  
It's at these times we need  
More than we ever could say  
The quiet touch of understanding  
The loving look or gaze  
So rather than try to take away  
The grieving feelings inside  
Just know that I am thinking of you  
And time will be your guide.

I am so sorry to hear about your husband & youngest daughter. I know what my mom went through when she was getting chemo - good days - bad days. I will keep him in my thoughts. The same with your daughter - they will be in my prayers. I read the story about Melissa - no one falls in the bathroom like that - I feel anger about the lack of justice - they know he did it & he's getting away with it!! why didn't they charge him for leaving her in the place for days without help!!?? what goes around comes around!!! he will pay one day!

god bless you & your family

Angels come to help and guide us in as many guises as there are people who need their assistance. Sometimes we see their ethereal, heavenly shadow, bright with light and radiance. Sometimes we only feel their nearness or hear their whisper. And sometimes they look no different from ourselves.

Thank you for being one of my angels!

## Morning Angel..

Early in the morning  
when the sun begins to rise,  
A little sunshine Angel  
Wakes up & rubs her eyes

She dresses up in sunshine,  
In glowing golden rays  
and sets out on her wondering  
to brighten up our day.

She touches every flower  
as it opens to the sun  
And spreads her

warmth and happiness  
to Bless us every one.

Light a Candle  
*by Paul Alexander*

And I will light a candle for you.  
To shatter all the darkness and bless the times we knew.  
Like a beacon in the night  
The flame will burn bright and guide us on our way.  
Oh, today I light a candle for you.

The seasons come and go, and I'm weary from the change.  
I keep on moving on, you know it's not the same.  
And when I'm walking all alone  
Do you hear me call your name?  
Do you hear me sing the songs we used to sing?

You filled my life with wonder, touched me with surprise,  
Always saw that something special deep within your eyes.  
And through the good times and the bad,  
We carried on with pride.  
I hold onto the love and life we knew.

And I will light a candle for you.  
To shatter all the darkness and bless the times we knew.  
Like a beacon in the night  
The flame will burn bright and guide us on our way.  
Oh, today I light a candle for you.

### **When you feel Lonely**

When a person you love passes away  
Look to the night sky on a clear day.  
The star that to you, appears to be bright,  
Will be your loved one,  
Looking upon you during the night.  
The lights of heaven are what shows through  
As your loved one watches all that you do.  
When you feel lonely for the one that you love,  
Look to the Heavens in the night sky above.

## Remembrance

David Robert Brooks

When I am gone,  
Please remember me;  
as a heartfelt laugh, as a tenderness.  
Hold fast to the image of me  
when my soul was on fire;  
the light of love shining through my eyes...  
Remember me when I was singing and seemed to know my way.  
Remember always when we were together and time stood still.  
Remember most not what I did,  
or who I was...  
Oh please remember me for what I always desired to be...  
A smile on the face of God

I'll paint you a Rainbow  
to hang on the wall,  
to brighten your heart  
when the gray shadows fall.  
On a canvas of joy  
outlasting the years,

with a soft brush of sweetness  
to dry all your tears.

I'll paint you a Rainbow  
with colors of smiles,  
That glow with sincerity  
over the miles.

On a palette of words  
I will tenderly blend  
tones into treasures  
of sunlight and wind.

I'll paint you a Rainbow  
that reaches so wide,  
Your sights and your sorrows  
will vanish inside,

and deep in the center  
of each different hue,  
A memory fashioned  
especially for you.  
So lift up your eyes,  
for suspended above,  
A Rainbow designed  
by the fingers of Love.

A Hug From God

**Sometimes I think I've got it all together-  
I've figured out what life is all about.  
It lasts a while and then it always happens-  
A curve-ball come that I can't figure out.**

**I struggle to find my way through all the darkness-  
the more I try the harder it seems to be.  
Until I reach a point of fear and desperation-  
It hurts so much I fall down on my knees.**

**A hug from God will ease a broken heart.  
A hug from God will fill your life with love.  
A hug from God who is your loving father-  
is always there- just look to him and pray.  
Oh, God please send your loving hug my way.**

**The room grows quiet as tears stream down my face-  
the pain inside is all taken away.  
A warmth surrounds my cold and shaking body-  
As God's hand wipes the tears off of my face.**

**A hug from God will ease a broken heart.  
A hug from God will fill your life with love.  
A hug from God who is your loving father-  
is always there- just look to him and pray.  
Oh, God please send your loving hug my way.**

## Angel Moms

We have shared our tears and our sorrow,  
We have given encouragement to each other,  
Given hope for a brighter tomorrow,  
We share the title of grieving mother.

Some of us lost older daughters or sons,  
Who we watched grow over the years,  
Some have lost their babies before their lives begun,  
But no matter the age , we cry the same tears.

We understand each others pain,  
The bond we share is very strong,  
With each other there is no need to explain,  
The path we walk is hard and long.

Our children brought us together,  
They didn't want us on this journey alone,  
They knew we needed each other,  
To survive the pain of them being gone.

So take my hand my friend,  
We may stumble and fall along the way,  
But we'll get up and try again,  
Because together we can make it day by day.

We can give each other hope,  
We'll create a place where we belong,  
Together we will find ways to cope,  
Because we are Angel Moms and together we are strong!

***August 31, 2009***

My deepest condolences goes out to you and your family. You are in our thoughts and prayers, especially those two little girls. Thanks for reaching out, even though you don't know us. I know you are making your daughter proud by showing such kindness to strangers. It's unfortunate what we have in common, a lot of grief, heartache and pain. I know that our loved ones are watching over us. You are so courageous to speak out to the injustice that was caused to your family. Perhaps you've inspired me to do the same.

It's amazing by the way, the little graphic that you had posted on Chris' site...there is no way that you could have known that he absolutely loved the ocean. Long before we met, he could often be found down in Rockaway Park, Queens enjoying the beach. He told me a million times a week how much he missed the ocean. His mom told me that when nobody could find him, they would go to Rockaway, and there he was.

God Bless You! xoxoxo Love, Lauri and Novalee Tupper

There's an angel on your shoulder  
Though you may not know she's there,  
She watches over you day and night  
And keeps you in her care.

There's an angel on your shoulder  
Watching you learn and grow  
Keeping you safe from danger  
And nurturing your soul.

She'll be there through your triumphs  
She'll dance on clouds with pride,  
She'll hold your hands through  
disappointments and fears,  
Standing faithfully by your side.

In her lifetime this angel was strong and true,  
And stood up for what was right.  
In your life you'll be faced with decisions and trials  
And she'll shine down her guiding light.

Life holds so much in store for you,  
So remember as you grow older,  
There are no heights you cannot reach  
'Cause there's an angel on your shoulder

*August 24, 2009*

This morning when I awoke and saw the sun above,

I softly said, 'Good morning, Lord, Bless everyone I love'

Right away I thought of you and said a loving prayer,

That He would bless you specially, and keep you free from care.

I thought of all the happiness a day could hold in store,

I wished it all for you because no one deserves it more.

I felt so warm and good inside, my heart was all aglow.

I know God heard my prayers for you,

He hears them all, you know.

Across the miles  
you've brought me smiles  
you've wiped my tears  
by lending an ear,  
although my voice you have not heard  
you've listened carefully to my  
thoughts  
my feelings  
my words.

And I want you to know,  
I'm glad we met  
over the net,  
'cause my heart is  
happy deep down inside  
and you're a treasure my friend  
and that's no lie!

Thanks for your friendship!  
and Thanks for being YOU!

*"hello" is such a little word  
but when it's sent your way  
It says so many friendly things

It says "you're being thought of,"

hope it adds a touch of joy,

May the angels keep you til morning,  
May they guide you through the night.  
May they comfort all your sorrows,  
May they help you win the fight.  
May they keep watch on your soul,  
May they show you better ways.  
May they guard you while you're sleeping,  
May they see you through your days.

May they show you new hopes, May they still your every doubt.  
May they calm your every fear, May they hear you when you shout.  
May the angels keep you til morning, More than this I cannot pray.  
And if the angels ever fail you, May God be there that day.

Father, we pray that you touch every cancer patient, heal them or grant them sufficient grace to make it through. We pray for all the doctors and nurses taking care of these dear ones. We pray for family members that God You will comfort them and grant them peace.

Life is like a garden  
And friendship like a flower,  
That blooms and grows in beauty  
With the sunshine and the shower.

And lovely are the blossoms  
That are tended with great care,  
By those who work unselfishly  
To make the place more fair.

And, like the garden blossoms,  
Friendship's flower grows more sweet  
When watched and tended carefully  
By those we know and meet.

And, if the seed of friendship  
Is planted deep and true  
And watched with understanding,  
Friendship's flower will bloom for you.

Light a candle for those we mourn.  
Into a new life they will be born.  
Do not look for them at the gravesite.  
They are somewhere else radiating their beautiful light.  
They have gone to a new world where there is no darkness, no pain.  
Their light and essence will always remain.  
Light a candle for those who have left this mortal place.  
They are free to travel through time and space.  
When we think of them, they are near.  
When we sit in a beautiful garden. Their voices we hear.  
When we listen to a divine symphony,  
We close our eyes, their faces we see.  
Light a candle for they have not really gone.  
With each flickering flame, in your hearts they will always belong.

Memory Can Tell Us Only What We Were  
*By Richard Fife*

Memory can tell us only what we were,  
In company with those we loved;  
It cannot help us find out what each of us,  
Alone, must now become.  
Yet, no person is really alone;  
Those who live no more still echo  
Within our thoughts and words,  
And what they did has become  
Woven into what we are.

What moves through us is a silence, a quiet sadness,  
a longing for one more day, one more word, one more touch,  
we may not understand why you left this earth so soon, or why you left before we were ready to say  
goodbye, but little  
by little, we begin to remember not just that you have passed, but that you lived. And that your life

## God Bless You

I seek in prayerful words, dear friend,  
My heart's true wish to send you,  
That you may know, that far or near,  
My loving thoughts attend you.

I cannot find a truer word,  
Nor better to address you;  
Nor song, nor poem have I heard,  
Is sweeter than God bless you!

God bless you! So I've wished you all  
Of brightness life possesses;  
For can there any joy at all  
Be yours unless God blesses?

God bless you! So I breathe a charm  
Lest grief's dark night oppress you,  
For how can sorrow bring you harm  
If 'tis God's way to bless you?

And so, "through all thy days  
May shadows touch thee never - "

But this alone - God bless thee -  
Then art thou safe forever.

Those we love are never really lost to us.  
We feel them in so many ways...  
Through friends they really cared about

In beauty that they added to our days,  
in words of wisdom we still carry with us,  
and memories that will never be gone.  
For everywhere their love lives on!!

There's a place  
I've never seen  
beyond this world we know,  
A place I've only heard of  
but someday hope to go -  
It's not on any map,  
there are no roads  
to take me there,  
But it's a place of perfect peace  
where hearts are free from care.  
And though I understand  
some may be saddened  
when I leave,  
One day, we all will meet again -  
that's what I believe

 [CustomizeYourSpace.com](http://CustomizeYourSpace.com)

When it's time to travel there,  
I think I'll wear a smile,  
I'll say good-bye to those I love,  
but only for a while,  
Knowing there are others

who have traveled there alone,  
Who cannot wait to greet me  
and to whisper "welcome home."

***May 26, 2009***

The sky is filled with Angels  
With puffy lacy wings  
The remnants of God's beauty  
With treasures they now bring

Each one of them a Guardian  
That travels in the sky  
To watch throughout eternity  
Their parents from on high

Smiles that come from Angels  
They fall like crystal rain  
Eases earthly burdens  
Lifting all life's pain

Halos so astounding  
That glitter gold each day  
Following their loved ones  
In such a perfect way

Wings in gentle breezes  
That fall from up above  
Kissing every parent  
With everlasting love

Angels soar through heaven  
With everlasting light  
Looking down from heaven  
Saying their "goodnights"

Kissing all who loved them  
So gently on the face  
This life's tender mercy  
Each parent can embrace

Wings and shiny halos  
Travel from on high  
Surrounding all their loved ones  
They never say good-bye.

**PERHAPS LOVE by John Denver**

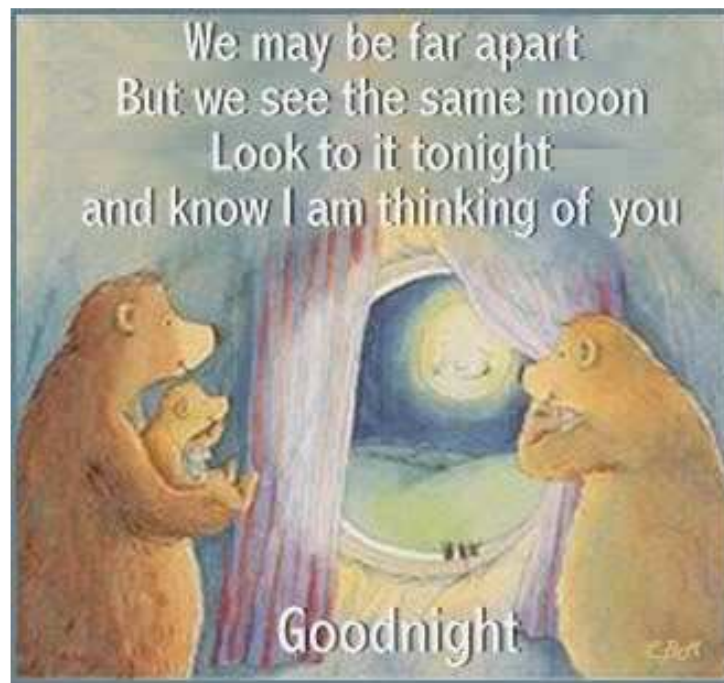

Perhaps love is like a resting place, a shelter from the storm  
It exists to give you comfort, it is there to keep you warm  
And in those times of trouble when you are most alone  
The memory of love will bring you home.

Perhaps love is like a window, perhaps an open door  
It invites you to come closer, it wants to show you more  
And even if you lose yourself and don't know what to do  
The memory of love will see you through.

Perhaps love is like the ocean, full of conflict, full of pain  
Like a fire when it's cold outside, thunder when it rains  
If I should live forever, and all my dreams come true  
My memories of love will be of you.

**Tiny Footprints on a Mother's Heart**

When a baby arrives,  
be it for a day, a month, a year or more,  
or perhaps only a sweet flickering moment-  
the fragile spark of a tender soul  
the secret swell of a new pregnancy  
the goldfish flutter known to only you-  
you are unmistakably changed...  
the tiny footprints left behind on your heart  
bespeak your name as Mother.

### **A Mother's Love**

There are times when only a mother's love  
Can understand our tears,  
Can soothe our disappoints  
And calm all of our fears.

There are times when only a mother's love  
Can share the joy we feel

When something we've dreamed about  
Quite suddenly is real.

There are times when only a mother's faith  
Can help us on life's way  
And inspire in us the confidence  
We need from day to day.

For a mother's heart and a mother's faith  
And a mother's steadfast love  
Were fashioned by the angels  
And sent from God above.

I know it will be especially hard

for I'm not there with you.

But I'm sending you all my love,

Even though I'm not there

in sight for you to see.

I am always right beside you

holding you ever so close to me.

You haven't stopped being my mom

I am forever your precious one.

A bond as strong as Mother and Child

can never be undone.

I honor you from Heaven now

through our family you will see.

For they will show love from them

and also love from me.

Hearing "Happy Mothers Day"

how painful it's become.

But when you hear it said to you

know it's from your precious one.

"Happy Mothers Day" Mom

And share with you its beauty,  
The days you're feeling blue.  
If I could build a mountain,  
You could call your very own.  
A place to find serenity,  
A place to be alone.  
If I could take your troubles,  
I would toss them in the sea.  
But all these things I'm finding,

## Hugs From Heaven....

When you feel a gentle breeze

Caress you when you sigh

It's a hug from Heaven

From a loved one way up high.

If a soft and tender raindrop

Lands upon your nose

They've added a small kiss

As fragile as a rose.

If a song you hear fills you

With feeling of sweet love

It's a hug from Heaven

From someone up above.

If you awaken in the morning

To a bluebird's chirping song

It's music sent from Heaven

To cheer you all day long.

If little tiny snowflakes

Land upon your face

It's a hug from Heaven

Trimmed with Angel lace.

So keep the joy in your heart

If you're lonely my dear friend

Hugs that are sent from Heaven

A broken heart will mend.

My Mom is a Survivor

My mom is a survivor  
or so I've heard it said.  
But I can hear her crying at night  
when all others are in bed.  
I watch her lay awake at night  
and go to hold her hand.  
She doesn't know I'm with her  
to help her understand.  
But like the sands on the beach  
that never wash away...  
I watch over my surviving mom  
who thinks of me each day.  
She wears a smile for others...  
a smile of disguise!  
But through Heavens door  
I see tears flowing from her eyes.  
My mom tries to cope with death;  
to keep my memory alive.

But anyone who knows her knows  
it is her way to survive.

As I watch over my Surviving Mom  
through Heavens open door..

I try to tell her that angels  
protect me forevermore!

I know that doesn't help her,  
or ease the burden she bears.

So, if you get a chance, go visit her.

Show her that you care.

For no matter what she says..

no matter what she feels.

My Surviving Mom has a broken heart

that time won't ever heal.

God Bless you and your Family.

***Tender Mercies***

***March 27, 2009***

For some things there are no shortcuts, no easy remedies when life throws you a curve ball and brings you to your knees. Sometimes it seems you can't win however hard you try when your faith is sorely tested and all you do is cry. It does no good to gripe, complain, when you're not up to par because true friends will understand and love us as we are. We sometimes need a helping hand before we see the light, and just knowing prayers are answered will help us through the night. We're not alone in time like these unless we choose to be, for God won't leave us comfortless in times of tragedy. There are angels all around us to catch us when we fall, and through His tender mercies we can rise above it all. Clay Harrison (Author)

hard working hands at rest.  
God broke our hearts to prove us  
he only takes the best

***My deepest condolences***

***December 20, 2008***

My deepest condolences. May these few words from the Holy Scriptures bring you comfort in you time of grief...

John 11:32-45

*32 And so Mary, when she arrived where Jesus was and caught sight of him, fell at his feet, saying to him: "Lord, if you had been here, my brother would not have died." 33 Jesus, therefore, when he saw her weeping and the Jews that came with her weeping, groaned in the spirit and became troubled; 34 and he said: "Where have YOU laid him?" They said to him: "Lord, come and see." 35 Jesus gave way to tears. 36 Therefore the Jews began to say: "See, what affection he used to have for him!" 37 But some of them said: "Was not this [man] that opened the eyes of the blind man able to prevent this one from dying?"*

*38 Hence Jesus, after groaning again within himself, came to the memorial tomb. It was, in fact, a cave, and a stone was lying against it. 39 Jesus said: "TAKE the stone away." Martha, the sister of the deceased, said to him: "Lord, by now he must smell, for it is four days." 40 Jesus said to her: "Did I not tell you that if you would believe you would see the glory of God?" 41 Therefore they took the stone away. Now Jesus raised his eyes heavenward and said: "Father, I thank you that you have heard me. 42 True, I knew that you always hear me; but on account of the crowd standing around I spoke, in order that they might believe that you sent me forth." 43 And when he had said these*

*things, he cried out with a loud voice: “Laz´arus, come on out!” 44 The [man] that had been dead came out with his feet and hands bound with wrappings, and his countenance was bound about with a cloth. Jesus said to them: “Loose him and let him go.”*

*45 Therefore many of the Jews that had come to Mary and that beheld what he did put faith in him;*

The background is a textured, mottled brownish-gold color. In the upper right quadrant, there are two roses. One is smaller and more tightly closed, while the other is larger and more open, showing its petals. The roses are rendered in a slightly darker shade than the background, giving them a subtle, embossed appearance.

Melissa...I am so sorry...although I never knew you or your father personally, I can not tell you how much your mother and father both touched my hearts. You see Melissa, I too was a victim of domestic violence. I am horrified to find out just today that you died such a violent death. I know now how blessed I am to still be here. I really feel selfish in a way. I used to complain about being disabled by my abuser and life I thought was so hard not being able to work anymore. In all things good and bad we must see the blessing in it, so today Melisa I will start my public speaking about domestic violence. I wanted to tell my story but now I would like to make your stpry a part of my campaign to wake up women before it is to late. I now know why your father wanted to be friends with me on Facebook. He must have seen me asking for prayer on the One Way One God site. He was a stranger to me Melissa. Yet, he cared enough in his own trials and suffering to reach out to me. I will never forget that. It is funny how strangers can become more like family than your own. I will never view my life the same again after what I read that you went through. I sit here in tears! Why you and not me? You are so young...I can't understand why some stay and some go prematurley. All I can say is that Heaven needed a beautiful angel! I promise tonight that I will kiss my daughter twice to remember how blessed I am to still be here. Your life touched mine. I can not wait to meet you and daddy one day real soon. I am going to try to get together with your mother to see if I can share you story....I love you Melissa....now it all makes sense why your father was so interested in this abused woman in Jacksonville.

To all of who did not know my sister on this earth, thank you for taking your time to show you care it means so much to our family!!, there is no such thing as strangers especially when we all share the hurt of the lose of someone we love someone that we all know in our hearts is looking down over us from heaven! We are brothers and sisters in Christ Jesus and if more people on this earth could show compassion to one another while on this earth the world would be a better place! Our family holds on to the wonderful memories of Melissa although the hurt is there so strong that she is gone and her life was taking away from her from a man who is not spending any time behind bars for the precious life he has taken from us, this mans judgement time before our Lord all Mighty will come and there is nothing any District Attorney, juror, or judge can do for him noone can make excuses for him, God will pass his judgement upon him!

**Bad News, October 22, 2009, the District Attorney Branny Vickery of Lenoir County, North Carolina informed us that he would not be charging Melissa's boyfriend with her murder because he does not have any evidence to go to trial .**

**I now have to tell Melissa's story so I can try and get some justice for my daughter, I have to be her voice now since she no longer can speak. I live in Texas, Melissa lived in North Carolina.**

**On Oct. 3, 2008 Melissa was beaten by her boyfriend, he then left her in their trailer for 6 days with no medical help. She was found on Oct. 8, 2008 because I had been trying to get in touch with her and couldn't reach her so I called for a welfare check, the police found her and she was air-lifted to the Trauma Hospital in Greenville, North Carolina.**

**She had a brain bleed and blood clot on the right side of her head, a black eye on the left, her jaw was broken on both sides, she had a large bruise behind her ear on the left side, a bruise on her neck that looked like someone had tried to strangle her, and bruises all over her body. She had fluid on her brain and had to have a drain put in on the right side for the fluid to drain, she had a tube in her nose to feed her, she had a staph infection , she was postering, she was having seizures every 2 to 3 minutes, she was developing necrosis on her brain, she had a breathing tube, three days before she**

passed she developed a klebsiella infection which is 50 % fatal in healthy people, she was in the ICU for nine weeks, she died on Dec. 17, 2008.

Her boyfriend told the police that she had fallen in the bathroom, he has never spent a day in jail for what he did to my daughter.

I have two things I want to share, I believe that on these two occasions Melissa came to me to let me know she was okay.

The first time was around 12 midnight and everyone else was sleeping but I could not sleep so I was playing a game on the computer and right in the middle of the game I suddenly had overwhelming thoughts of Melissa and tears came to my eyes and at that moment I felt a hand run through my hair on the back of my head and I felt such a sense of peace and I knew that Melissa had come to see me.

The second time I was updating Melissa's main page and the song Immortal from Evanescence was playing, I was done so I closed out the program and it went to my main page and usually the music stops playing as soon as I x out of the program but the music played for around 5 minutes with no connection to the internet and I knew that Melissa had come to visit me again.

What moves through us is a silence, a quiet sadness, a longing for one more day, one more word, one more touch, we may not understand why you left this earth so soon, or why you left before we were ready to say good-bye, but little by little, we begin to remember not just that you died, but that you lived. And that your life gave us memories too beautiful to forget. Perhaps they are not the stars, but rather openings in heaven where the love of our lost ones pours through and shines down upon us to let us know they are happy.

**GOOD NIGHT SWEET MELISSA..MY PRAYERS ARE WITH YOU...**

***Mom***

Beautiful Melissa, why did you have to go so soon, I wish I could have done more, I am sorry you had to suffer so much pain during those nine weeks you were in the hospital. I am so grateful that we were able to let you know we were there for you and be with you when you left this earth to go to the Lord.

I want you to know that I talked to Detective Braden today and the DA still has not made a determination, I just pray that they have enough to charge him, he needs to pay for what he did to you and I don't want another family to go through what we have.

Brianna and Chasidy love you very much, Brianna left a message on Michelle's blog about you. Have beautiful dreams in Heaven, I miss you so much and love you so much.

***For My Family with Love***

Time has taken me from you,  
Although not far away.  
I'll be watching through the sunshine,

And through the biggest star.  
I'll be watching all of you  
From the Heavens up above,  
So take good care of each other  
And carry all my love.  
If you're ever wondering if I'm there,  
here's where you can start  
Take a look inside yourself  
Deep within your heart.

I'll always be your child, your daughter, your sister, your granddaughter, your niece,  
your cousin, your Aunt, your best friend,  
So anytime you need me,  
Close your eyes and I'm back again.

**HAPPY BIRTHDAY MELISSA**

**You would have turned 32 today, if you were still here with us.**

**Although you are so far away, our hearts have kept you near.**

**The pain has eased a bit I guess, yet has not gone away.**

**It will always stay a part of us, until we join you one day.**

**We send our love to you, from all our hearts to yours.**

Just think a birthday spent in HEAVEN, means you'll spend it with the LORD. Author-Pamela Mae Bush

Melissa was full of life we loved going over to our grandma`s house with our other sister Michelle to play on her tire swing and bake cookies. Our mother would dress all three of us like we were triplets. we all three had blonde hair and as we got older our hair got darker and Melissa and I decided we would dye our hair completly darker because our ends were still blonde but our roots were dark it didn`t take too long we missed our blonde hair so we both went through the stage of having slightly orange hair before we could go back to beautiful bondes. Melissa has two beautiful daughters that also have blonde hair and look just like their mother. When the girls are older I know we will have then chance to enjoy them in our lives and we will think of Melissa every time we see them. God Bless.

<!--[endif]--> *Melissa Sue Mims Platt is the daughter of Michael and Marian Mims. She has two sisters and*

one brother, Maria Ramsey of Jacksonville, North Carolina, Michelle Mims of Friendswood, Texas and Michael Mims Jr of Baytown, Texas. She has two daughters, Brianna and Chasidy Platt.

Melissa Sue Mims was born in Houston, Texas on February 3, 1977. She had hypoglycemia when she was born and had to stay in the hospital for a month. When she came home other than a bout with colic she was a happy and healthy baby, an adventurous and loving toddler.

When she was eight we moved from Houston, Texas to Jacksonville, North Carolina where we lived until she was twelve, at that time we moved back to Texas.

We moved to Baytown in 1989 where Melissa attended Horace Mann Middle School and Lee High School. I only found this out after the fact but two of the things that she enjoyed doing with her sister Michelle was jumping off the roof of our house onto a mattress while the neighborhood kids

*looked on and riding on a piece of cardboard down the stairs in the back room.*

*When Melissa was fifteen she worked at the McDonalds in Baytown, she was in charge of the Birthday parties that were done at the McDonalds and she really enjoyed that.*

*When she was sixteen she moved to Jacksonville to live with her older sister Maria and her three children, she babysat her niece Joanna and her nephews Brandon and Michael when her sister Maria was at work.*

*She gave birth to her first baby on October 1, 1995, a beautiful daughter Brianna, Melissa was so full of happiness and love at the birth of her child. Her sister Maria was at her side when she gave birth to share in her joy. She again experienced more love and happiness on July 4, 2003 at the birth of her second daughter, Chasidy. She got married in 2001 and seperated from her husband in 2005.*

*Melissa was a loving young woman and would help anyone in need, she had a bubbly personality, a smile that would make all those around her smile.*

*Melissa loved the race car driver Jeff Gordon, she would always tell her sister she wanted to marry him. She loved listening to music, she had a little parrot named Alvin that she adored.*

*She loved life, her children and her family. She was hurt on October 3, 2008 and was air-lifted to Pitt County Memorial Hospital in Greenville, North Carolina on October 9, 2008. She fought long and hard but her little body could not fight all the damage that had been done to it and on December 17, 2008 at 7:17 pm she went to the Lord.*
